The UCR you as the tenant(s) will be submitting notes only the pre-existing condition of your leased property. The UCR does not represent or is it a demand to correct any conditions that are cosmetic. If upon filling out the UCR the tenant(s) find something that may need attention as a function of the property (i.e. dripping faucet, cycling toilet) it will be immediately addressed. Tenant(s) is asked to mark such items with an asterisk (*).

Thank you
